WORK EXPERIENCE

03/2021 - Present
Arco Data Design | Brooklyn, Remote
Frontend Engineer

- Provided custom software solutions, including a React UI using hooks and RTK for state management.
- Actively participated in code reviews.
- Crafted a full UI/UX redesign of a legacy application.
- Carried project through several cycles of feature design and research, customer feedback incorporation and actual
- implementation.
- Utilized Material UI and ant Design React UI libraries.

01/2021 - 07/2021
Femmecubator | NYC, Remote
Software Engineer Volunteer

Volunteered at a small agile non-profit startup that works to break the entrance barrier for women in tech. Participated in pair programming, accessibility testing of features and unit testing.

2017 - 2020
Hello Smile Pediatric Dental | Queens, NY
Dental Assistant

Assisted Dentists and Surgeons in a variety of dental procedures at locations in underserved communities.
